

Axagon CRE-S3C Aluminum high- speed USB-C 3.2 Gen 1 memory card reader. 3 slots, UHS-II

Model: CRE-S3C

Manufacturer: AXAGON

EAN: 8595247906632

Product Code: 618222

R1,027

Aluminum 3in1 memory card reader AXAGON CRE-S3C SUPERSPEED with USB 3.2 Gen 1 interface supports all current versions of SD and microSD cards including SDXC and microSDXC with capacity up to 2TB. It also supports CF cards with capacity up to 128PT. Thanks to the modern reversible USB-C connector, you can easily connect the reader to a laptop, phone or computer with a USB-C connector.

Thanks to the USB 3.2 Gen 1 (before USB 3.0) interface, the reader achieves significantly higher data rates compared to readers with USB 2.0 interfaces. UHS-II cards reach speeds of up to 156 MB/s (full-duplex) or 312 MB/s (half-duplex), support for older UHS-I cards (max speed 104 MB/s) is a matter of course.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

The reader will please with the possibility of simultaneous work with cards in all slots and direct copying between them.

The elegant aluminum body of the reader has a soft surface to reduce fingerprints.

Installation is easy for everyone - just plug the reader into the USB port of your computer and the rest is done automatically.

The reader is an ideal accessory for photo amateurs and professionals who use modern UHS-II and also CF cards.
