R4,125

Optimum performance and 80% quieter: for trimming medium-sized hedges

The corded Universal Hedgecut 50 is perfect for trimming medium-sized hedges with quiet ease. Encased in the ProSilence 91 dB sound-dampening shell is an energy-efficient 480 W motor, delivering the optimal power and performance with a reduced energy demand and 80% quieter than our leading hedgecutters. Its 50-cm long, laser-cut, diamond-ground blades with a 26-mm tooth opening cut effortlessly through branches up to 26 mm wide for fast and impressive results. This hedgecutter is perfect for trimming conifer, privet/box, hawthorn, and viburnum hedges.

Unbelievably powerful and quieter sound

Encased in the ProSilence hedgecutter, is a sound-dampening shell with an energy-efficient motor. This combination delivers a powerful performance with a reduced energy demand and 80% quieter than our leading hedgecutters.

Consistently precise, clean cuts

The laser-cut, diamond-ground blades are designed for cutting branches quickly, precisely and with consistently clean finishes.

Powerful Sawing Function

Powerful Sawing Functions allows cutting of branches bigger than the tooth spacing- for versatility and uninterrupted hedge-trimming.

Comfortable to work in any position

The multi-position front handle makes working in any position comfortable. Its ergonomic rear handle ensures ideal balance and improved handling.

Uninterrupted cutting performance

Thick branches are no challenge with the Bosch-patented Anti-Blocking System, ensuring faster performance and uninterrupted cutting.

Consistently precise, clean cuts

The laser-cut, diamond-ground blades are designed for cutting branches quickly.

Safe wall and path trimming

The blade-tip protector enables safe trimming along walls and paths.
