

MEMORY DRIVE FLASH USB3.2/256GB IKLP50/256GB KINGSTON

MEMORY DRIVE FLASH USB3.2/256GB IKLP50/256GB KINGSTON

Model: IKLP50/256GB

Manufacturer: KINGSTON

EAN: 740617338898

Product Code: 621060

R3,553

FIPS 197 certified, XTS-AES 256-bit encrypted for data protection with automatic USBtoCloud® back up

Kingston IronKey™ Locker+ 50 USB Flash drive provides enterprise-grade security with FIPS 197 certified AES 256-bit hardware-encryption in XTS mode, including safeguards against BadUSB with digitally-signed firmware and Brute Force password attacks. LP50 is also TAA compliant.

LP50 now supports multi-password (Admin and User) option with Complex or Passphrase modes. Complex mode allows for passwords from 6-16 characters using 3 out of 4 character sets. New passphrase mode allows for a numeric PIN, sentence, list of words or even lyrics from 10 to 64 characters long. Admin can enable a User password, or reset the User password to restore access to data. To aid in password entry, the “eye” symbol can be enabled to reveal the typed in password,

reducing typos leading to failed login attempts. Brute Force attack protection locks out User upon 10 invalid password entries in a row and crypto-erases the drive if the Admin password is entered incorrectly 10 times in a row. Additionally, a built-in virtual keyboard shields passwords from keyloggers or screenloggers.

Locker+ 50 is designed for convenience with a small metal casing and built-in key loop to take data anywhere. LP50 also features optional USBtoCloud (by ClevX®) backup to access data on the drive from your personal cloud storage through Google Drive™, OneDrive (Microsoft®), Amazon Cloud Drive, Dropbox™ or Box. LP50 is easy for anyone to setup and use, with no application installation required; all the software and security needed is already on the drive. Works on both Windows® and macOS® so users can access files from multiple systems.

Hardware-encrypted USB 3.1 drive with XTS-AES 256-bit encryption

Safeguard important data with built-in protections against BadUSB & Brute Force attacks.

Multi-Password (Admin and User) Option with Complex/Passphrase modes

Admin can reset a User password to restore User's access to data.

New Passphrase Mode

Select between Complex or Passphrase password mode. Passphrases can be a numeric PIN, sentence with space characters, list of words or even lyrics – from 10 to 64 characters long.

Automatic Personal Cloud Backup

Access data stored on IronKey Locker+ 50 from your personal cloud storage.

Additional Security Features

Reduce failed login attempts and frustration by enabling “eye” button to view password typed. Use virtual keyboard to shield password entry from keyloggers and screenloggers.

- FIPS 197 Certified with XTS-AES 256-bit Encryption
- Brute Force and BadUSB Attack Protection
- Multi-Password (Admin and User) Option with Complex/Passphrase modes
- New Passphrase Mode
