Product Code: 624556

R10,162

The BenQ DesignVue PD2706U is designed for professionals who demand precision and versatility in their visual workspace. This 27-inch LED-backlit LCD monitor offers a 4K UHD resolution and covers a wide color spectrum with 95% P3, 99% Rec 709, and 99% sRGB, ensuring vibrant and accurate colors. Its ergonomic design allows for easy adjustments, including height, pivot, swivel, and tilt, to provide a comfortable viewing experience during long work sessions.

Advanced features such as a built-in KVM switch and USB hub enhance productivity by allowing seamless control over multiple devices, while professional calibration certifications like Delta E3, CalMAN Verified, and Pantone SkinTone Validated ensure color accuracy for all your projects. With comprehensive connectivity options including DisplayPort, HDMI, and USB-C, the PD2706U is suitable
