20in (50cm) USB A to C Charging Cable, Durable Coiled Cable

This 20in (50cm) coiled USB A to USB C cable can withstand the daily demands of charging and syncing your mobile devices. It contracts to 12in (32cm) making it compact and convenient to store.

Built for Daily Use

The durable USB A to USB C charging cable has aramid fiber reinforcement that shelters it from the stress of frequent bends. This also lets the cable flex without over-stretching or damaging the core of the cable.

Flexible Strain Relief

The USB A to USB C cable is constructed to prevent the connector from separating from the jacket. The extra-long strain relief molding is tested to withstand over 5,000+ bend cycles at a 180° angle.

Superior Connection

The durable cable supports all USB 2.0 specifications providing a dependable connection for all your USB-C devices. It supports up to 3A for charging your USB C compatible devices.
