Model: JDA213-N

Manufacturer: J5CREATE

EAN: 4712795080537

Product Code: 626789

R1,023

The JDA213 HDMI™ to VGA adapter allows you to connect the HDMI™ output from your laptop, Ultrabook™, desktop, tablet, Blu-ray™, DVD player, digital set-top box, digital camera, video camera, or gaming console equipment to the VGA input of a monitor or projector by converting the HDMI™ video signal from the output device into a VGA output and separate 2-channel analog audio. The adapter supports resolutions including high definition 1080p, up to 1920x1200, which eliminates the expense of upgrading a VGA display for the sake of compatibility. The adapter can also increase your productivity by extending your computer's desktop onto a secondary monitor, doubling available workspace. This adapter has a high quality, compact design for long-term durability and a minimal footprint.

Once you’ve experienced multiple monitors, you’ll never want to go back to a single monitor again.
