The 2nd generation SP-1120N scanners are designed to meet the essential scanning needs of budget-conscious organisations, or those taking their first steps towards a structured scanning approach:

- Automate capture routines; scan, extract and release all at the touch of a button
- Streamline operations by integrating captured data into business workflows
- Easily create searchable PDFs, or editable Word, Excel and PowerPoint files
- Optimise scanning architecture – use any scanner from any PC

PaperStream software allows SP-1120N users to enjoy a premium capture experience, while Fujitsu's heritage and market-leading technology give assurance of quality and dependable reliability.
