R21,304

The Lindy 100m Cat.6 4 Port HDMI 4K60 HDBaseT Splitter Extender is an high end solution to Extend HDMI signals to 4 HDBaseT receivers (not included) using Cat.6 or above cables up to 100m.Compatible with most HDBaseT receivers on the market like N. 38342 and 38214.

Supporting resolutions up to 4K60Hz including HDR and 1080p, the Splitter Extender is designed for use in Pro AV and digital signage applications for a variety of settings such as education, retail, immersive displays at events and conference rooms.

It supports several signals and features such asdigital and analog de-embedded audio, IR and RS-232 control or pass-through signals. An advanced EDID management allow the userto select different EDID modes while the integrated HDMI loop-out port enables simultaneous viewing so that a local display can be connected for monitoring, or to create an additional viewing zone.
