When you keep your beloved phone SAFE., you can one day pass it on to another phone lover who will adore it just as much as you do. This is one way of working toward a more sustainable future! Another is to use more sustainable packaging: So, of course, this product comes in a recyclable FSC™-certified box.

Everybody deserves to be SAFE. Without hassle, red tape or unnecessary complexity. This protection combo is so easy to install that you can do it even if you’re all thumbs! Start by applying the screen protection – you have up to 200 tries, although one is usually enough. And when you’re done, click on the case. That’s it! Now you’ll never again fear the sight of your phone tumbling to the ground. This may not happen, but if it does, you’ll regret not having clicked “add to cart”.

Keep your phone SAFE.
