Model: JVAW61-N

Manufacturer: J5CREATE

EAN: 4712795089110

Product Code: 631160

R2,494

Eliminate the need for expensive cables by wirelessly sending what's on your laptop, tablet, or mobile phone to your HDTV with this HDMI™ Extender. The JVAW61 transmits audio and video from a USB-C® device to an HDMI™ TV, projector, or monitor, creating a dedicated audio and video connection without the hassle of needing to connect to a network. Enjoy a larger screen by simply connecting the transmitter to your compatible mobile device and the receiver to your TV.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
