

i-tec USB-C Cable Splitter Audio/Data + Power Delivery 100W

Model: C31DUALSPLITTERCBLPD

Manufacturer: I-TEC

EAN: 8595611707728

Product Code: 632061

R767

Modern devices such as laptops, tablets, and smartphones often come with only one USB-C port – which can limit your connectivity options. If you need to charge your device and transfer data or connect audio accessories at the same time, this compact USB-C splitter cable offers the perfect solution.

With this splitter, you can expand a single USB-C port into two: one USB-C PD input supporting fast charging up to 100W, and one USB-C 2.0 port (480 Mbps) for data transfer or audio/mic connection.

Thanks to its compact 30 cm design and ultra-light weight (only 20 g), it’s easy to carry with you anywhere. The cable is ideal for working on the go, in the office, or at home – especially with devices that offer limited port availability.
