R3,287

The Lindy 2 Port DisplayPort 1.2, USB Type C, USB 2.0 and Audio KVM Switch is a compact solution for providing access and control over a DP equipped PC and Type C laptop or Desktop OS tablets from a single keyboard, mouse and monitor. With integrated cables, this switch can be easily connected directly to the system, with no need to purchase additional cables and saving time during installation.

Support for resolutions up to 3840x2160@60Hz ensures the optimum image quality, perfect for demanding graphical content in gaming setups, video editing or dual system control workstations. The integrated USB Type C cable allows for control of a variety of laptops and tablets alongside a PC, great for maximising workspaces in universities or residential offices. The audio output port on the main unit also allows users to connect headphones or speakers to add immersive 2-channel audio
