The TX-10 Multi-touch Interactive Display, with its 10.1-inch, 10-point touch screen, brings the experience of a tablet into the form factor of a monitor. Its foam seal design supports seamless integration into kiosks and its front-side IP65 rating protects the screen from dust and water. External mounting brackets are provided for installation in a wide variety of application environments—in a meeting room as a scheduling display, or in a number of public, commercial, and industrial interactive applications. Allowing for either landscape or portrait orientation, the TX-10 multi-touch interactive display is the perfect fit.
