EAN: 065030781015

Product Code: 633993

R907

Add a Centronics parallel port to your desktop or laptop PC through USB

The ICUSB1284 6 ft USB to Parallel Printer Adapter - M/M allows USB capable PCs to print to any standard parallel printer, converting a USB port into a Centronics (male) connector for direct connection to a parallel printer.

The USB interface provides a much faster data transfer rate than standard parallel ports, thereby reducing the time spent waiting for a print job or data transfer to be sent.

A portable, space-saving solution, the USB to Parallel Printer Adapter is self-powered and provides Plug and Play installation on Windows® based, USB-compliant computers.

Backed by a StarTech.com 2-year warranty and free lifetime technical support.
