

StarTech.com 20g Tube CPU Thermal Paste Grease Compound for Heatsinks

Model: HEATGREASE20

Manufacturer: STARTECH

EAN: 065030844826

Product Code: 634241

R751

Improve the Heat Transfer between a CPU and Heatsink through a Ceramic/Silicone Compound

The HEATGREASE20 CPU Thermal Paste Compound can be used to improve the effectiveness of a CPU cooler, by thermally bonding the surface of the CPU to the heatsink, which enables the heatsink and fan to work more efficiently to remove harmful heat from the CPU.

This 20g tube of ceramic-based thermal grease is enough for a large number of CPU installations for most home or business computers or any other light application where good thermal bonding
