Connect a DVI device to an HDMI® enabled device using a standard DVI-D cable

The HDDVIMF8IN HDMI® to DVI Cable Adapter features one HDMI male connector and one DVI-D female connector, which enables a bi-directional connection between HDMI-capable devices and DVI-D capable devices to overcome compatibility issues.

The HDMI to DVI dongle offers 8-inches in cable length, which lessens strain on the connectors and prevents damage to the cable, while also reducing the potential of blocking other nearby ports.
