

StarTech.com Conference Table Connectivity Box for A/V - 4K

Model: BOX4HDECP2

Manufacturer: STARTECH

EAN: 065030867498

Product Code: 635012

R3,980

Interconnect Box | HDMI, VGA and DisplayPort Inputs | HDMI Output

This conference table connectivity box for A/V installs in your table or lectern to provide A/V, networking, and USB charging connectivity in your boardroom, auditorium, or classroom. The box makes it easy to connect HDMI, DisplayPort and VGA laptops to your room’s large HDMI display, and provides LAN and USB power connectivity for charging USB devices. The box also provides some boardroom cable management by hiding connectivity cables in your table.

Collaborate Easily Using the Big Screen

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

The table box enables presenters in your conference room to easily share their laptop screen on the room’s large display or projector, with supported resolutions up to 4K 30Hz.

To share video from virtually any laptop, the table box supports HDMI, VGA and DisplayPort inputs and automatically outputs the most recently connected input to the HDMI display.

Provide Convenient USB Charging and Wired Network Connectivity

Enabling visitors in your conference room to charge their iPhone, iPad, smartphone, or tablet, the table box features three USB charge ports. Plus, the box features an Ethernet pass-through port to provide secure wired network connectivity in rooms where Wi-Fi isn’t available.

Add Style and Technological Sophistication to Any Room

The boardroom interconnect box has an aluminum finish that complements your space. The hideaway panel eliminates clutter by discreetly covering the connection ports when they’re not in use.

TAA compliant BOX4HDECP2 is backed by a 2-year warranty and free lifetime technical support.

The StarTech.com Advantage

- Easily collaborate by connecting your HDMI, VGA or DisplayPort laptop to your conference room’s HDMI display, from a single access point
- Charge your phone or tablet, with three accessible USB charge ports
- Add style and technological sophistication to your conference room or auditorium by building an A/V connectivity box into your table with a pop-up panel that hides ports when they’re not in use
