No Network Setup Required

No complex network setup or IT help needed. Receiver and button pair automatically—just plug and play to start presenting instantly.

Guest-Friendly Design

Guests can present instantly via HDMI or USB-C—no app or login required. Securely share from any laptop, including MacBook and Chromebook, keeping meetings on track.

3 Steps for One-Time Wireless Presentation Setup

Set up once—no need to rebuild for every meeting. Save time, cut support, and let presenters start instantly by plugging in.

Steps:

1. Connect display to Receiver via HDMI cable
2. Plug Button into presenter's laptop *Supports Windows, MacBook, or Chromebook systems.
3. Share content from presenter's laptop via Button

Seamless 4K UHD Transmission

Enjoy smooth 4K UHD transmission with full support for 4K, HDCP, and Touchback control—delivering professional, interactive presentations every time.

Crisp 4K Transmission Without Lag

Showcase 4K content smoothly, with no distortion or stutter, delivering powerful visuals that convince decision-makers.

Direct Touch Control on Display

Control content right from the interactive display—no interruptions, just smooth and natural interaction.

Smooth Streaming of Protected Content

App-free design boosts PC performance, ensuring smooth, lag-free HDCP content playback for seamless presentations.

Superior Encryption Security
