portable solar panels. Clear blue indicators show charging progress and remaining battery capacity.

Smart Power Indicator System

Four blue LEDs display the remaining battery level with a single tap, even when the unit is in hibernation mode. This allows easy power checks without wasting energy.

Rugged & Waterproof Outdoor Design

Built with carbon-reinforced materials and IPX8 waterproofing, the CARBO 10000 Gen2 is ready for wet weather, river crossings, coastal conditions, and demanding trail use. Its slim and durable build makes it reliable in unpredictable Australian environments.

Safe, Efficient Battery Performance

The built-in 10,000mAh Li-ion battery uses an intelligent protection system to prevent overheating, over-discharge, and damage during heavy use. It automatically shuts off output when voltage drops too low, extending long-term battery life.

With superior durability, fast charging capability, and an ultralight build, the Nitecore CARBO 10000 Gen2 is the ideal compact power bank for hiking, camping, travel, and everyday carry in Australia.
