

Bosch EasyCut 12 power jigsaw 4100 spm 900 g

Model: 06033C9000

Manufacturer: BOSCH

EAN: 3165140830829

Product Code: 642033

R3,955

The EasyCut 12 NanoBlade saw makes sawing easier than ever before

Designed for use with NanoBlades, enabling easy and vibration-free cuts, these saw blades can be used without oiling, sharpening, or tensioning. This tool is made for freehand, straight, and short cuts at home or outdoors in wood and plastics up to 65 mm. Equipped with SDS, it enables quick and easy keyless saw blade changes. Offering cordless mobility, this tool also includes a hanging loop for simple storage.

Adaptable speeds to power every job

Experience better results with Bosch Electronic – simply squeeze the switch to reach the desired speed in every application and material.

Quick and easy saw blade changes

SDS is an accessories mounting system that enables quick and easy keyless saw blade changes and ensures that blades are automatically tightened when the cap is closed.

POWER FOR ALL cordless systems from Bosch

Gain ultimate flexibility with the 12 V and 18 V POWER FOR ALL systems. Extend any system starter kit that consists of a tool, battery pack and charger with a variety of less expensive "bare" tools (without battery pack and charger).

Syneon Technology: Runs longer

The Syneon Technology constantly analyses the power requirement and draws just as much energy from the battery as needed, for optimum power during high-powered tasks and maximum endurance during less intense jobs.

Compact, lightweight, and always ready

Lithium-ion batteries are compact and light, they reduce tool weight, don't suffer from memory effect, and remain charged regardless of storage time.

Smart protection for a long battery lifetime

Bosch Electronic Cell Protection (ECP) prevents the lithium-ion battery from overloading, overheating, and deep discharges for a long lifetime.

Superior grip for comfort and control

The softgrip zone provides comfortable tool handling and superior control, a useful feature in applications requiring extensive tool operation.
