demanding on-the-go environments such as hospitality, as well as in-vehicle applications. Providing increased impact resistance, and protection from dust and water ingress to IP54 standards, it can handle barcodes and 2D symbols and can be easily mounted onto a belt, or shoulder carried. With USB-C connectivity, plus support for Bluetooth 5.0 “classic” and low-energy modes, it provides excellent range, seamless pairing and reliable all-day battery life, while its Wi-Fi 5 capability delivers excellent wireless performance, plus a Wi-Fi “Direct” mode, enabling direct connection of up to 8 devices without the need to connect to a network or hotspot. Supplied with a comprehensive “quick start” sheet, which includes QR-codes that link to video guides, set-up and configuration is fast and easy.
