This smart-looking switch features an intuitive design that simplifies daily network management for SMBs.

Manage it your way!

The XGS1930 series introduces Zyxel NebulaFlexTM, which allows you to easily switch between standalone mode and our license-free Nebula cloud management platform anytime with just a few simple clicks.

Don’t overspend to upgrade your wired network

With Gigabit connectivity plus four 10G uplinks, the XGS1930 series is ideal for those seeking to upgrade to an easier-to-manage network—and at an affordable price.
