ULTRA-COMPACT 20W CAR CHARGER WITH USB-C TO LIGHTNING CABLE

CCMINILIGHT is an ultra-compact car charger that features 20 Watt Power Delivery technology which allows you to charge smartphones at maximum speed through the dedicated USB-C port.

The compact size of the charger allows it to disappear inside the car's cigarette lighter port, thus preserving the car's interior design.

Insertion and removal of the CCMINILIGHT are facilitated by a special handle which, once folded

down, is perfectly integrated with the charger.

Thanks to a blue LED present on the top of the charger, it will be possible to locate the product also in low light conditions.

Thanks to the CCMINILIGHT, it will be possible to charge your iPhone comfortably and safely even while you are driving. Included in every pack a USB-C to Lightning cable.
