Extreme protection in extreme situations!

FlexBike is the bike holder to protect your smartphone from rain, mud or dust during your bike adventures. The transparent window allows you to use the touch-screen function without removing the smartphone from the case. The foam set included absorbs shocks and vibrations, making the case adjustable and compatible with all devices (up to 175x95x26 mm). Easy to install, the adjustable clamp allows you to use FlexBike with all the
