Manufacturer: CELLY

EAN: 8021735199182

Product Code: 643981

R1,145

GHOSTSUPERMAGBK is a car mount compatible with the MagSafe magnetic alignment of the latest iPhone models, from 12 onwards. When you place your iPhone onto the holder, the circular magnet will automatically hook onto the device's magnetic module and lock it securely in place.

The air vent clip has been improved and equipped with a super resistant anti-fall system: the small hook in the final part of the clip hooks onto the fan fins making GHOSTSUPERMAGBK more performing in terms of stability and grip. The clip is also adjustable, so that the holder can be securely attached to the majority of air vents. The head has a 360° rotation to allow you to adjust the holder to the best angle.

The magnetic fixing system is specially designed to work with the latest iPhone models and is
