R1,151

Roskilde is a slim MagSafe leather case perfect for those looking for a timeless yet modern case with optimal protection abilities. The case is made from durable full-grain leather as well as recycled materials so you can protect your phone and our planet in style. As full-grain leather develops a beautiful patina over time you have a stunning case for years to come.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
