Dell SE2726HG

The Dell SE2726HG is a 27-inch Full HD gaming and entertainment monitor designed for smooth, responsive gameplay and everyday multimedia use. The high 240Hz refresh rate and ultra-fast IPS panel deliver fluid motion and exceptional responsiveness, making the monitor ideal for fast-paced games and action-packed content.

AMD FreeSync? Premium technology and HDMI Variable Refresh Rate (VRR) help eliminate screen tearing and stuttering, providing a seamless gaming experience. The fast IPS panel combines excellent color accuracy with wide viewing angles, while 99% sRGB color coverage ensures vivid and consistent image quality.

Designed with visual comfort in mind, the monitor features TÜV Rheinland 3-Star Eye Comfort certification and hardware-based low blue light technology to reduce eye strain during extended gaming or work sessions. Connectivity is simple with dual HDMI ports and DisplayPort, allowing easy connection to gaming PCs, consoles and other devices.
