M VESA Super Slim Tilt & Turn ends an era of bulky and heavy arms needed to flex, tilt and turn. If your aim is to find a discreet partner for that new LED or OLED in a light weight, super strong solution not visible from any side yet giving you a maximum flexibility then the M VESA Super Slim Tilt & Turn is your choice.

The uniquely designed low profile M VESA Super Slim Tilt & Turn mount fits most 32" and up to 65" flat panels up to 40 kgs. It is very well-suited for those applications where seamless integration counts the most. The M VESA Super Slim Tilt & Turn is part of the Super Slim Series of fixed, tilt and cantilever mounts offering a slim design without compromising on functionality.

The specifications this product reveals are simply incredible.

Super Slim defines the minimal 29 mm of the low profile to wall. It extends to a maximum of 270 mm proving that this construction is truly flexible being so lightweight. Yet still, produced with high quality materials creating a super strong solution carrying screen up to 40 kg.
