R28,738

Introducing the M Motorized Public Floorstand Dual Pillar 180 HD a motorized flat panel TV cart that was designed to include all of the features you may need, making it perfect for any application. Mobility, appealing design, display height adjustment, pre-assembled base and safety certifications ensure quick assembly while providing a ridged, but attractive and structured that fits into any decor.

Versatility that holds up to 110" displays

Now you can mount flat panel screens up to 100" displays on a movable Floorstand with motorized up and down function of 500mm. With its black, textured powder coat finish it helps hide finger prints or dust. This Floorstand features an easy to position display height adjustment function that is unique. This innovative design with a built in stopper mechanism into the two columns creates a tool free and effortless TV height adjustment. This function reduces time consuming adjustments of height that is used on other floor stands. Now you in seconds can match your audience whether its

sitting or standing up. For fast installation the base comes pre-assembled. VESA specifications

ranges from 200x200 up to 1000x600 VESA display mounting pattern, and sturdy swivel casters –which are lockable to keep the Floor stand in it's place. The integrated cable management system that helps keep your cables organized and out of the way. During its introduction this versatile Floorstand also comes with accessories such as the camera shelf included as standard.

Motor-driven

The motor-driven height adjustment allow you to move a display up to 135kg's up or down to a suitable height for any presentation or digital signage situation. The wide reach up or down makes it suitable for both a sitting or standing audiences making this product a perfect multifunctional solution for most needs.

Powerful lockable castors

Using high quality lockable castors with 360 rotation this mobile floorstand can easily pass through doorways and over thresholds. Multibrackets has incorporated a clever wheelbase making it possible for the user to get very close to the screen. Holding a wide range of VESA specifications up to 1000x600 with optional accessory it can hold near any large screen the market has to offer.

All modular

It's innovative modular design makes it easy to assemble and dismantle. The extendable aluminum base make packing size compact for costs reduction in shipping and save storage space without compromising to its rigidity and stability during maneuvers. The heavy duty castors make it easy to move from room to room while the UL certification ensures you that it can be done with safety in mind.

The M Motorized Public Floorstand Dual Pillar 180 HD can be used with screens in a standard landscape mode. It can be used with or without shelf (included) and a camera holder (included).
