R4,943

Charging: Yes | Charging power, W: 130 | Connections: DisplayPort | Connections: Ethernet (RJ-45) | Connections: HDMI | Connections: USB-A | Connections: USB-C | Short summary:

Dell Pro Smart Dock SD25

The Dell Pro Smart Dock SD25 is a smart and high-performance USB-C dock, purpose-built for the new generation of AI-enabled PCs and modern hybrid workspaces. It supports up to four high-resolution displays, delivers faster USB and networking speeds, and provides up to 130W power for Dell laptops (96W for non-Dell systems).

This dock is the world's most manageable and most secure smart docking solution. It enables remote management without user presence through the Dell Device Management Console, and includes advanced security such as WPA-3 encryption and hardware-level protections.
