The entertainment you love. With a little help from Google. No more jumping from app to app. Google TV – built into smart TVs and streaming devices – brings together movies, shows, and live TV from all of your subscriptions. Need inspiration? Get curated recommendations, use Google’s powerful search to find shows across 10,000+ apps, or browse hundreds of free channels. And with personalized profiles, everyone’s experience is customized for them.

The entertainment you love. With a little help from Google. Browse 400,000+ movies and TV episodes from across your streaming services — in one place, and organized by the genres and topics that interest you the most. Discover new movies and shows based on what you’ve watched and what interests you and you can even update your watchlist and control your TV — all from your phone. Plus, ask Google Assistant to find movies, stream apps, play music, and control the TV – all with your voice.

Control your TV with your phone

Use the Google TV app to control your TV right from your mobile device. Now you can find something great to watch even when the couch has eaten your remote. And you can use your phone's keyboard to quickly type complicated passwords, movie names or search terms.

Google Cast

From your mobile phone, tablet or laptop directly to your big TV screen: with the Google Cast, you can transfer your favourite films, videos, apps, games and much more to enjoy everything in large format. You can also show your holiday photos from your smartphone on your TV using Google Cast – in high resolution and brilliant colours. All you need is to press Google Cast icon in the app you're using.

HDR – High Dynamic Range

HDR brings optically even more out for you when watching TV. With extra brightness and contrast as well as a wider range of colours, the image is perfectly suited to the human eye. Bright pictures are clearer and more vivid, reds, greens and blues become more iridescent and the picture gains depth.
