Freewell wide-angle and macro lens for Fuji X100VI/X100V

The Freewell Wide-Angle and Macro Lens for Fuji X100VI/X100V is a versatile accessory that combines macro and wide-angle functions, allowing you to shoot both detailed close-ups and wide shots. With a high-quality optical design that minimizes distortion and chromatic aberration, the lens guarantees sharp and clear images in any situation. Weighing only 155g, it is lightweight and compact, making it ideal for travel. With 0.75x magnification for wide shots and 2x for macro, the lens offers versatility and easy mounting with an adapter and 62mm filter thread.
