

NATEC Prati USB-C 2.0 cable M/M 1m PD 100W black

Model: NKA-2146

Manufacturer: NATEC

EAN: 5901969444278

Product Code: 653162

R636

The Natec Prati USB-C cable offers a reliable and efficient solution for connectivity needs. Designed with flexibility and functionality in mind, this cable features a single shielded construction that minimizes interference while maximizing performance. The e-marker chip supports USB Power Delivery up to 100 W, making it suitable for high-demand devices without compromising on speed or safety. With a data transfer rate of 480 Mbps, users can enjoy quick and efficient file transfers between devices. Crafted from thermoplastic elastomer (TPE), the jacket material provides enhanced durability, while the tangle-free design ensures easy storage and handling. Both connectors are 24 pin USB-C male, allowing for versatile compatibility with a wide range of devices. With its nickel-plated connectors and exceptional shielding using tin-plated copper, this cable is engineered to deliver dependable performance in various environments.
