

SAMSUNG HW-B450F/EN Soundbar

Model: HW-B450F/EN

Manufacturer: SAMSUNG

EAN: 8806097097068

Product Code: 653199

R3,321

The Samsung HW-B450F is designed to elevate the auditory experience. This sound bar system supports a variety of audio formats, including WAV, AAC, MP3, FLAC, and 2-channel LPCM, ensuring versatile playback options. With built-in Dolby Audio decoders, it delivers impressive surround sound and clarity, enhanced by features like Night Mode and Voice Enhancement. The sleek design allows for easy integration into your home entertainment system, transforming the way you enjoy movies, music, and games. Connectivity is streamlined with options such as Bluetooth 4.2, HDMI-eARC, and USB-host. This allows for wireless or wired audio streaming, accommodating various devices for maximum compatibility. Whether hosting a movie night or listening to your favorite playlist, the HW-B450F provides dynamic audio and rich sound effects, creating an immersive audio experience.
