The Lanberg WAF1 Series cabinet presents a practical solution for organizing and securing equipment in any workspace. With its low-profile design and wall-mountable feature, this cabinet maximizes space efficiency while providing a sturdy metal construction. The product comes fully assembled, ready to install and includes essential accessories such as a grounding cable, M6 screws, a front lock, and a TS-35 DIN rail, allowing for straightforward setup right out of the box. Measuring 540 x 200 mm with an inner height of 50 cm and depth of 14.3 cm, this rack cabinet is optimized for compact environments. The single-leafed metal front door offers both protection and accessibility, while compliant standards ensure it meets required safety regulations. Coupled with vertical and horizontal mounting rails and robust thickness across various components, the Lanberg WAF1 cabinet is a reliable choice for housing critical equipment.
