

LANBERG CA- DPDV-10CU- 0018-BK cable Displayport M V1.2->DVI-D M 24+1 1.8m Black DUAL LINK

Model: CA-DPDV-10CU-0018-BK

Manufacturer: LANBERG

EAN: 5901969416411

Product Code: 653340

R695

The Lanberg video adapter cable offers a reliable connection between devices with different display interfaces. This dual link cable features a 20-pin DisplayPort male connector on one end and a 24+1-pin digital DVI male connector on the other. With the capability to support 1080p resolution, it ensures clear and vibrant images for an enhanced viewing experience.

Designed in compliance with DisplayPort 1.2 standards, this cable is equipped with thumbscrews for secure attachment, preventing accidental disconnections. Additionally, it adheres to EMC and RoHS compliance, making it a dependable choice for connecting audiovisual devices without compromising safety and environmental standards.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
