The Lanberg HDMI cable with Ethernet offers a reliable solution for connecting devices with image and sound quality. This high-speed HDMI cable supports 4K resolution, ensuring clear visuals for TVs, projectors, and monitors. With features such as the HDMI Ethernet Channel (HEC) and Audio Return Channel (ARC), the cable facilitates integration of audio and video components, making it ideal for home theater systems.

Constructed with copper-clad steel conductors and gold-plated connectors, this cable enhances signal integrity while minimizing interference. The 19-pin HDMI Type-A connectors provide robust connectivity, allowing for high-definition video and audio transmission. Whether it's for gaming, streaming, or professional presentations, the Lanberg HDMI cable is designed to meet the requirements of modern audiovisual experiences.
