

LANBERG HDMI v2.1 8K M/M cable 40m optical AOC

Model: CA-HDMI-30FB-0400-BK

Manufacturer: LANBERG

EAN: 5901969437546

Product Code: 653361

R1,598

Optical HDMI cables allow for lossless transmission of audio-video signals over huge distances. Due to the use of optical fibers as a conductor, they are extremely thin, which makes cable routing easier than ever before. Additionally, it provides 100% resistance to electromagnetic interference. The HDMI (Ultra High Speed) standard allows you to transfer video in 8K resolution with a refresh rate of up to 60 Hz. Using DSC (Display Stream Compression) technology, you can increase the maximum resolution up to 10K!
