Discover the Lanberg CAT 6a patch cable, a high-quality solution designed to meet your networking needs. This cable features Copper-Clad Aluminum (CCA) conductors and HDPE insulation, ensuring efficient data transmission with minimal interference. The aluminum foil with braid shielding further enhances performance by reducing electromagnetic interference, making it ideal for sensitive environments. Safety is paramount, and the Low Smoke Zero Halogen (LSZH) jacket material significantly decreases the emission of toxic and corrosive gases in case of fire, making it a safer choice for your workspace. Whether you're setting up a new network or upgrading an existing one, this patch cable offers the reliability and performance required for modern networking demands.
