

LANBERG patchcord cat.6A FTP LSZH CCA 2m grey

Model: PCF6A-10CC-0200-S

Manufacturer: LANBERG

EAN: 5901969424874

Product Code: 653417

R561

The Lanberg patch cable is designed for reliable and efficient networking with a focus on performance and durability. Utilizing S/FTP technology, this cable effectively minimizes interference, ensuring stable data transmission. With a tested frequency of up to 500 MHz, it is capable of supporting high-speed Internet and data transfer, making it suitable for both home and office setups. Constructed with quality materials, including aluminum foil with braid shielding and Copper-Clad Aluminium (CCA) conductors, this cable ensures enhanced signal integrity. The low smoke zero halogen (LSZH) jacket provides an additional layer of safety and compliance in various environments. Packaged in a convenient string bag, this product combines practicality with performance for all networking needs.
