

LANBERG USB 3.0 WIFI adapter AC1200 NC- 1200-WIE Dual Band

Model: NC-1200-WIE

Manufacturer: LANBERG

EAN: 5901969438673

Product Code: 653441

R852

The Lanberg NC-1200-WIE network adapter is designed to meet the high-speed connectivity needs of modern devices and applications. With its USB 3.0 interface, this external network adapter ensures rapid data transfer and reliable Internet access. Dual-band support allows users to switch between 2.4 GHz and 5 GHz frequencies, offering versatility for both everyday tasks and bandwidth-intensive activities. The inclusion of two external detachable antennas with omnidirectional directivity and a 5 dBi gain level ensures superior signal strength and coverage. Security is a priority, with multiple encryption algorithms supported, including WEP, WPA-PSK, WPA2-PSK, and WPS, to safeguard your network against threats. Furthermore, advanced features like 2x2 MIMO technology and Quality of Service (QoS) enhance the efficiency of data transmission, making the NC-1200-WIE an excellent choice for users seeking a robust, high-performance networking solution.
