

LANBERG Fiber optic Adapter MM LC/UPC DX OM4

Model: FA-LCUP-MD41-0001-VT

Manufacturer: LANBERG

EAN: 5901969433777

Product Code: 653444

R517

The Lanberg FA-LCUP-MD41-0001-VT network adapter offers a solution for high-speed data transmission. Utilizing fiber optic technology, this adapter supports OM4 compliant standards, ensuring performance in various networking environments. The duplex cable design features LC/UPC multi-mode connectors on both ends, making it ideal for connecting devices in complex setups. With an insertion loss of only 0.15 dB, this adapter contributes to efficient data transfer, minimizing signal degradation.

In addition to its technical specifications, this network adapter is built to withstand a range of environmental conditions, functioning effectively between temperatures of -40°C and 85°C. The 50/125 micron core and cladding diameter enhance its capability for data transmission, ensuring optimal bandwidth and connectivity. This product is a choice for those seeking to improve their network infrastructure with a fiber optic solution.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
