There is no hiding that USB type-C is a commonly used plug in mobile devices. It offers the convenience of two-sided connection to the corresponding port. Lanberg adapters are made of great materials, which will ensure uninterrupted operation for many years.

The compact size of the adapters really helps and allows them to be used in places, where the space is limited. USB-C (M) to USB-A (F) adapter allows you to connect devices equipped with an older USB interface to devices with the advanced USB port. The device complies with USB 3.1 standard ensuring data transmission at 5 Gb/s.
