The LG UltraGear 34G630A-B offers an immersive viewing experience with its 34-inch diagonal screen and QHD resolution of 3440 x 1440. The 1500R curved screen and a high refresh rate of 240 Hz provide smooth gameplay and vibrant visuals. The advanced features include AMD FreeSync Premium for minimized screen tearing, flicker-safe technology for extended use, and multiple display modes such as Picture-in-Picture and Crosshair Display, enhancing both productivity and gaming. The monitor is built with an LED backlight and has a 4000:1 contrast ratio, ensuring deep blacks and bright whites for a rich color experience. Connectivity options feature HDMI, DisplayPort, and USB-C inputs, complemented by a built-in USB hub that supports USB Power Delivery up to 15 watts, making it versatile and convenient for various setups.
