

Freewell filter kit for DJI Mini 5 Pro Everyday Kit

Model: FW-MN5-EDY

Manufacturer: FREEWELL

EAN: 4897143171638

Product Code: 654506

R1,700

Freewell Filter Kit for DJI Mini 5 Pro Everyday Kit.

The Freewell Filter Kit for DJI Mini 5 Pro Everyday is a compact set of essential accessories that will help you get clear, saturated and professional shots in everyday lighting conditions. The set includes four premium filters - UV, CPL, LPR and Glow Mist 1/4 - for comprehensive lens protection, glare reduction and film softness effects. This is an ideal choice for filmmakers who want to improve the quality of their footage without the need for multiple filter sets.

Protection and image clarity

The UV filter effectively blocks ultraviolet rays, protecting the lens from haze, dirt and micro-damage. It provides sharper images and natural colors, especially in outdoor photography. It's an essential piece of kit that takes care of the long-term protection of your drone's optics.

Reduces reflections, natural colors and soft light

The CPL filter minimizes reflections and glare from water, glass or metal surfaces, while enhancing contrast and color saturation. It produces realistic, dynamic shots with greater depth and clarity. Ideal for filming over water, in the city or in bright, reflective spaces. The LPR filter reduces the effects of artificial lighting and light pollution, resulting in more natural colors in night and evening shots. The Glow Mist 1/4 filter, on the other hand, adds a subtle, cinematic glow and softens contrasts, giving each shot a soft and cinematic feel.

Lightweight and sturdy design

Freewell filters are designed to be fully compatible with the DJI Mini 5 Pro. Their ultra-lightweight aluminum Gimbal-Safe construction does not affect the stability of the gimbal's operation or the balance of the drone. It's a guarantee of smooth, uninterrupted recordings in all conditions.

Included

- UV filter
- LPR (Light Pollution Reduction) filter
- Glow Mist 1/4 filter
- CPL filter
- protective case
- cleaning cloth

Manufacturer	Freewell
Model	DJI Mini 5 Pro Filters Everyday (FW-MN5-EDY)
Compatibility	DJI Mini 5 Pro
Type of filters	UV, CPL, LPR, Glow Mist 1/4
