

APC 1 Year EcoCare Essential for Single-Phase UPS Easy SMV L04

Model: ECRESS1PH1YSMV04

Manufacturer: APC

Product Code: 654620

R3,238

Managing modular data centers as part of your day-to-day operations can be a challenge. Ensuring uptime is critical, requiring optimized maintenance while staying on budget. Sustainability is also a top priority in the context of increasing energy costs and continuing digitization.

With EcoCare membership, APC offer the depth of their expertise combined with innovative digital capabilities across the prefabricated modular data center lifecycle helping their customers in their decarbonization and electrification journey.

As an EcoCare member, you have a trusted ally by your side with comprehensive knowledge of the unique systems that power your business, so you can reduce downtime, maximize operational efficiency and safety, and contribute to a smaller carbon footprint.

From the first day a customer's equipment is installed, a dedicated customer success management team becomes the go-to coach orchestrating remote, on-site services experts.

EcoCare members unlock the full potential of connectable products, like low-voltage switchgear,
