TUF GAMING TR120 ARGB REVERSE

This case fan stands out with its extra-thick 28mm fan frame, and it is meticulously crafted to provide optimal static pressure and airflow, ensuring heightened cooling performance. Its double-layered LED array and flexible side patterns, synchronized through Aura Sync, are tailor-made for your panoramic chassis or radiators. TUF Gaming TR120 ARGB Reverse offers dual colors and orientations, giving you the versatility to master both cooling efficiency and style for your gaming rigs.
