Compact design

It's all in the mix - and the IB-HUB1429-CPD shows the way. It has three USB Type-C™ as well as a Type-C™ Power Delivery port and thus supports the “new ones”, which have already found their way into the working world and living rooms. This makes it the perfect companion for your new acquisitions. Always available

Threefold USB performance

Favourite holiday photos need to be shared quickly with friends and family? No problem! With the USB 3.1 (Gen 2) standard it is now possible to transfer data to multiple devices simultaneously at twice the transfer rate of USB 3.0 - without having to repeatedly insert different storage media. This not only saves time, but also provides convenience.
