The Electronic HPE Care Pack Services (e-Care Pack) capability allows you to order, receive, update, and activate a wide range of valuable HPE Care Pack Services over the Internet. Administered through the HPE Services Network (CSN), it is a fast and simple process that enables immediate registration and service activation.

Replace failed hardware units quickly and conveniently with HPE Services' reliable next-day exchange service. This easy-to-use HPE Care Pack extended warranty service gives you a cost-efficient alternative to onsite repair for HPE products. A replacement unit is shipped overnight via premium airfreight to your location. Shipping charges - for both the returned and replacement products - are prepaid by HPE. Replacement units are new or refurbished to like-new condition. Next
