R2,510

Double floor lamp with remote control Blitzwill BWL-FL-0001 36W (black)

Ensure optimal lighting in your home. The BWL-FL-0001 lamp is equipped with 2 swivel heads and allows you to adjust the color temperature of the light in 4 stages between 2700-6500K. You can also adjust its brightness. What's more, the device remembers the last used settings. The set also includes a practical remote control.

2 rotating heads

Ensure perfect illumination in any situation. The lamp is equipped with 2 adjustable heads, so you can position it exactly the way you want! The larger head rotates 350°, and it is also possible to adjust its tilt by 180°. The smaller head rotates 360°. Enjoy the optimal light angle and get more

comfort while working or relaxing!

The lighting you need

Adjust the lighting to your needs and the current situation. The lamp allows you to adjust the color temperature of the light in 4 stages - the available values are 2700K, 4000K, 5000K and 6500K. There are also 10 brightness levels available, as well as a stepless dimming option. This means that the BWL-FL-0001 model will work in almost any situation! Bright, cool lighting promotes concentration - it will be suitable for work or study. Warm, dimmed light will help you relax and unwind.

Eye-friendly light

The lamp generates high-quality light that does not glare or flicker. It also does not cause glare. As a result, it does not tire the eyes and is completely safe for the eyesight. This means that it will be perfect, for example, when reading or working. It will also be a suitable choice for a child's room. Bet on the highest quality and enjoy optimal lighting!

Convenient operation

Operation of the lamp is extremely simple and intuitive. Built-in buttons allow you not only to turn it on and off, but also to adjust the brightness, for example. A small remote control is also included, which allows you to control the device remotely. You don't have to get up from your comfortable couch anymore! What's more, the lamp remembers the last used settings and restores them automatically the next time you turn it on. Note: 2 AAA batteries are required to power the remote control, which must be purchased separately.
